About Sensus Healthcare

Sensus Healthcare, Inc. is a medical device company that is committed to enabling non-invasive and cost-effective treatment of non-melanoma skin cancers and keloids. Sensus uses a proprietary low energy X-ray radiation technology known as superficial radiation therapy (SRT), which is a result of over a decade of dedicated research and development activities. Sensus has successfully incorporated the SRT therapy into its portfolio of treatment devices, the SRT-100™ and SRT-100 Vision™. To date, the SRT technology has been used to effectively and safely treat oncological and non-oncological skin conditions in thousands of patients.
